PIXPRO

STH375

WIRED STEREO HEADSET

RELEASED Q2 2026

PIXPRO STH375 Wired Stereo Headset delivers clear, high-quality audio and all-day comfort for work, online meetings, and entertainment. Equipped with 40mm drivers and a frequency response of 20Hz–20kHz, it provides rich, balanced sound, while the built-in microphone ensures clear voice communication.

Compatible with USB-C devices, the headset offers reliable plug-and-play connectivity. An in-line control lets you easily adjust volume, and manage calls.

The lightweight over-ear design features soft memory foam ear cushions for lasting comfort. Ideal for remote work, virtual meetings, online learning, and everyday use, the STH375 Wired Stereo Headset combines reliable performance with lasting comfort.
